Dear Joyce,

I wish you weren't run over by that car. I wonder why it had to run over you. It would have been better if it had hit a tree.

Down at school we are playing sides in ball. We are winning. The score is twenty-eight to eight. I hope they don't beat us. I don't think they will though.

Yours truly,

Elaine

Dear Joyce,

I hope you can come back
to school soon. I've been lone-
some for you.

I've never been hit with
a car, so I don't know how it
is.

I hope I may dance the
May Pole on Play Day. I think
it is fun to dance the May Pole. I
think the whole room will get
to dance it too.

I hope you can get well

Dear Joyce,

The fifth grade boys are going to play the sixth grade boys in ball. I am so happy that that is the thing I am writing about. I am first base. Ralph is pitch and I can not think who are the bases and who are in the field. I hope we win.

I hope you will be back to school soon but there isn't anything to do here. There is ball to play and work to do.

As ever,
Max

Dear Joyce,

Do you enjoy staying at home? I wish I were at home. It will do no good to wish I were, so what's the use?

Are you going to the Central School operetta? It's Saturday at 2:30. It is 5¢ admission.

I can not think of anything else to say so I'm closing.

Sincerely,

Dear Joyce,

We are going to have Play Day May 3, 1939.
We are practicing the games so we can play the
games. We hope you were here so you could
play the games. We were playing a game that the
teacher put three bottles in the center of the ring.
The teacher was about the third one to row the
ball. The teacher chosen Arlen to stand in the
center and try to stop the ball from hitting the
bottles. The teacher rowed the ball and broke
a bottle.

I am sorry you are not able to come to school. That
was a terrible accident. I hope you will be able to come to school.

Miss Thorsberg has been reading a story about our
social science. She spent two afternoons on it. It was very interesting.

I will have to teach you the games we have learned.

They are very fun. We are doing some games ~~we~~ we did last year.
But they are fun to do now.

Wishing you a speedy recovery.
