Medical History and Other Records

Children frequently have many illnesses and are subject to so many different vaccinations and inoculations that it becomes nearly impossible to remember them clearly. Recording here the dates of illness, vaccinations, etc. will prove very helpful.

- 1952 - Baby shots: Diphtheria, whooping (C. Tetanus (3 in 1))
1952 - Smallpox - didn't take
1957 - ^{March} Polio shots (3)
1957 July 24 - Measles
1955 April 1; Tonsils out
1957 May 3. Smallpox - booster of 3 in 1.

Richardson

Burn on side of face - middle of Feb. 1952
Cut - 3 stitches, center of lips End of July 1952

Other Records

re subject to so many different
